

**Enhancing Chinese Language Teaching  
with AI: Engaging Hands-On Activities  
for the Classroom**

ZHU, YULAN

# Introduction

AI cannot replace the role of the teacher, but it can enhance Chinese language teaching by making lessons more **dynamic and engaging**.

.

# Explore Learning & Teaching with AI

Objectives of the Presentation: To provide educators with guidance on the effective implementation of AI tools for engaging, hands-on activities.

# My Top 2 Favorites

**Canva**

**Suno**

# Description:

**Canva** is an online design platform that allows users to create professional-quality graphics, presentations, posters, and more with its drag-and-drop interface. It offers a wide range of customizable templates, fonts, images, and design elements to make content creation easy for both beginners and professionals. Canva is commonly used for social media graphics, educational materials, and business designs, making it a versatile tool for personal and professional projects.

# Key Features:

- **Drag-and-drop interface** for easy design creation.
- **Pre-designed templates** for presentations, posters, social media posts, infographics, and more.
- **Extensive library of photos, illustrations, and icons** (both free and premium).
- **Customizable fonts and typography** with various font pairings.
- **Collaboration tools** to allow multiple users to edit a design simultaneously.
- **Brand Kit** to upload and store brand logos, colors, and fonts (available in premium).
- **Animation and video editing features** for creating dynamic content.
- **Resize designs** with a single click to fit different platforms and formats.
- **Stock audio and video clips** for multimedia projects.
- **Download options** in various formats (PNG, JPG, PDF, MP4, etc.).
- **Mobile app** available for on-the-go designing.
- **Cloud storage** for saving and accessing designs anywhere.

## How it works/Examples:

- Newsletter
- E-Book.
- Video Presentation/Animation.

# Description:

**Suno is:** An AI song generator that creates music tracks based on user input. It can generate melodies, harmonies, and lyrics, offering an innovative way to compose original songs.

# Key Features:

- **AI-powered music composition** that generates melodies, harmonies, and lyrics.
- **Customizable genres and styles** to create a wide range of music.
- **Real-time song generation**, offering instant musical ideas and tracks.
- **User-friendly interface** for musicians and non-musicians alike.
- **Collaborative features** to tweak, edit, and enhance AI-generated songs.

## How it works/Examples:

- Poem - 忽
- Song - 我要去哪里; 母亲节之歌
- Student Work - YOU

# Vocabulary Learning Platform

My Top Four

**Quizlet**

**Gimkit**

**Blooket**

**Kahoot**

# Description:

Quizlet is a versatile study tool known for its flashcard-based learning approach.

# Features:

- Creation of **flashcard** sets containing terms and definitions, along with multimedia integration.
- Various study modes like Learn, Match, and Test, catering to different learning preferences.
- Collaborative features for group study sessions, allowing users to share sets and study together.

## How it works:

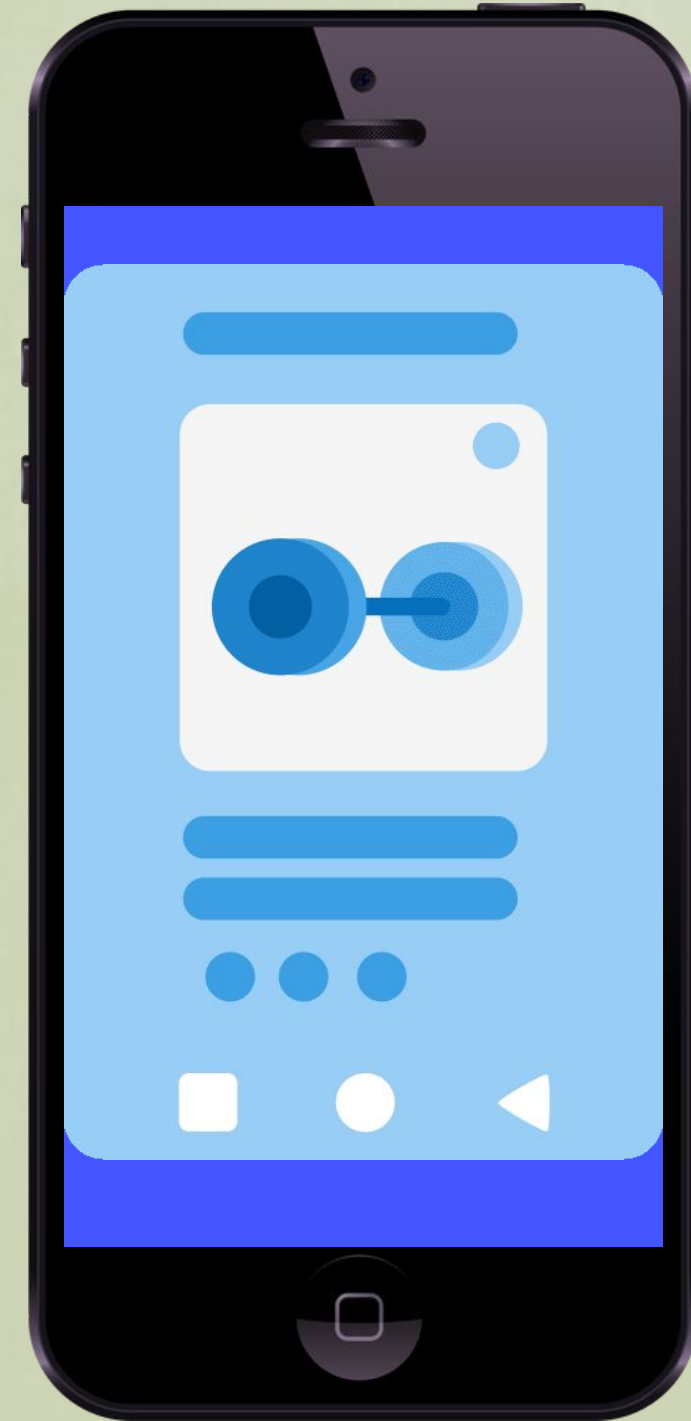

- Users create flashcards to learn new vocabulary.
- Study modes offer interactive ways to practice and reinforce vocabulary.
- Progress tracking features help users monitor their learning and identify areas for improvement.

**Demo:**

9

# Description:

**Gimkit** is an interactive learning platform designed for engaging study sessions.

# Features:

- Customizable quizzes with various question types (multiple-choice, fill-in-the-blank, etc.).
- In-game incentives like earning virtual currency for power-ups and upgrades.
- Collaborative gameplay with peers, fostering competition and cooperation.

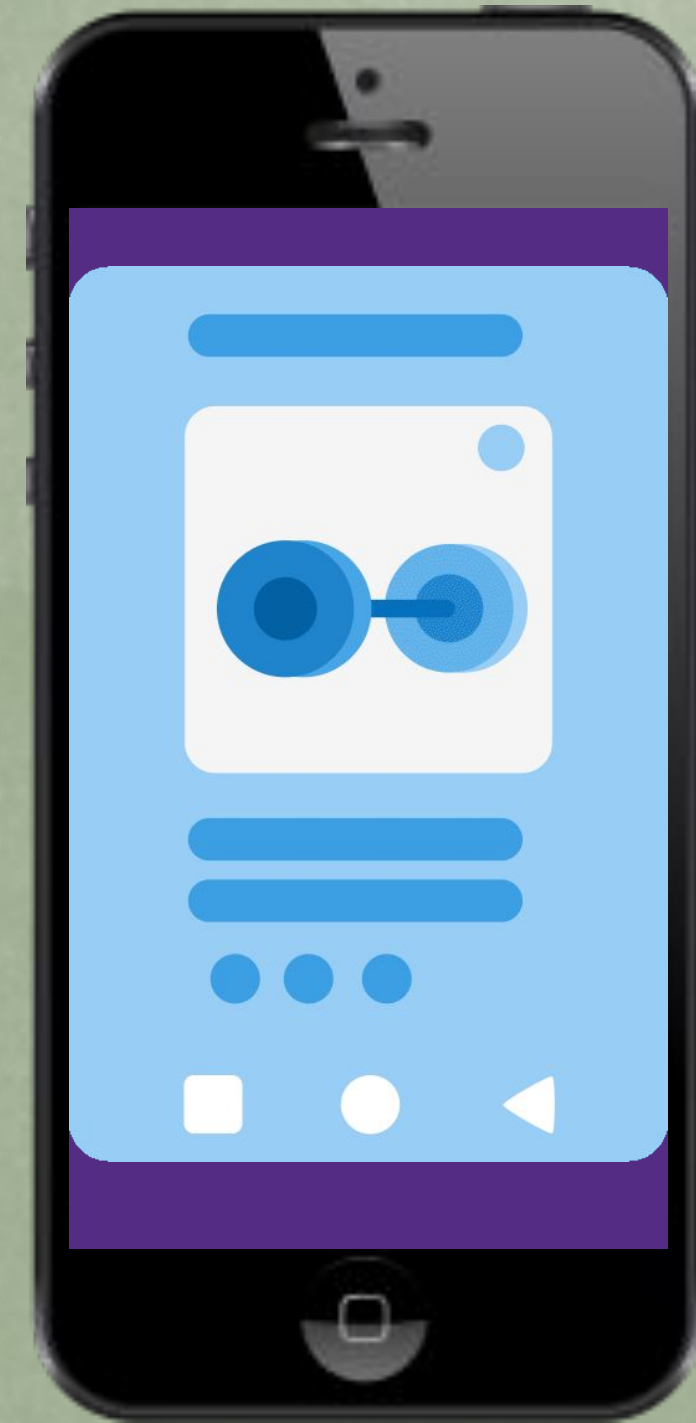

## How it works:

- Users create sets of vocabulary words or concepts.
- Players compete individually or in teams to earn points by answering questions correctly.
- The competitive aspect motivates learners to actively participate in the learning process.

# Demo: Student Video

The background is a vibrant red watercolor wash with soft, blended edges. A white rectangular frame is centered on the page, containing the text.

# Thank you!
